

PROJECT NAME

Citywide Transportation and Mobility Studies.

HISTORY

Over the years transportation studies have aided in identifying future street and mobility projects, including improvements to localized streets. These studies and improvements assist with reducing congestion within the City and improving mobility.

COST

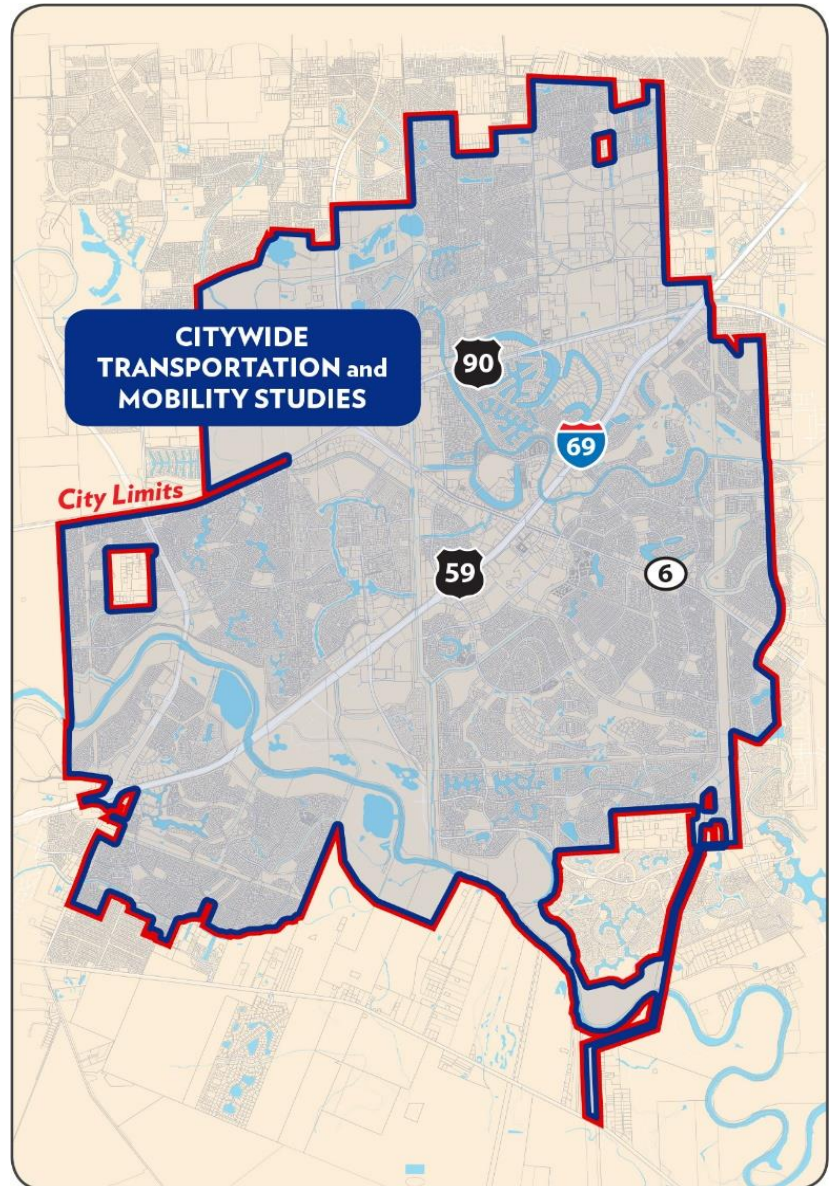

\$400,000

DESCRIPTION

Conduct transportation and mobility studies to aid the City in identifying future corridors/streets/mobility projects where improvements would provide improvements for all forms of travel.

BOND PHASE

Studies and localized improvements

CITY OF SUGAR LAND

2019 Voter Information Guide
www.SugarLandTX.gov/GOBond

Proposed GO Bond Program Project Distribution*

■ 53% Drainage ■ 29% Public Safety/Public Facilities
■ 11% Streets ■ 7% Animal Shelter

*GO bond projects were identified by residents, touch all areas of the city and represent \$10/month for the average Sugar Land homeowner.
